## Coleman Couple Mark Fiftieth Anniversary

Mr. and Mrs. William Roughhead celebrated the occasion of their Fiftieth Wedding Anniversary at the home of their son and daughter-in-law, Mr. and Mrs. C. Roughhead last week-end.

On Sunday afternoon a family supper was enjoyed with a number of close friends attending.

Among the supper guests were Archie Anderson of Coleman, who was best man at the wedding a half century ago, and Mrs. Phemmis Meier of Frank, who was flower girl at the wedding.

During the supper, which was also attended by their son-in-law and daughter Mr. and Mrs. John (Mary) Morris of Kamloops, and Margaret of Coleman; telegrams of congratulations were read the Hon. Lester B. Pearson, Prime Minister of Canada; Premier E. C. Manning of Edmonton; Lieut. Gov. J. Percy Page; from friends in Scotland and New Zealand and various parts of Canada.

The couple also received numerous cards and miscellaneous gifts from their many friends as well as a purse of money from the family.

The couple were married in Coleman on October 10, 1913, in St. Paul's United Church by the late Rev. Murray.

Mr. Roughhead, 81 years of age, was born in Scotland and came to Canada in 1903, and worked in the mines at Morrissey, at the Lime Works in Blairmore, and then at the mines in Coleman.

Mr. Roughhead is a member of the Coleman branch of the Old Age Pensioners' Association, and was a former member of Coleman Masons. An ardent sportsman, Mr. Roughhead was an active football player and curler and supported all sport. He is enjoying good health and his main interest is gardening.

Mrs. Roughhead, 76, was born in Scotland, and she too is enjoying good health. She was a former Eastern Star member, and is a member of the Old Age Pensioners' Association. Her main interests are gardening and making rugs.

Besides their three children, Chick Roughhead and a daughter Margaret of Coleman, and another daughter Mrs. John (Mary) Morris of Kamloops, the couple also have four grandchildren.

The Coleman Volunteer Fire Brigade are completing plans this week for the annual Firemen's Ball which is scheduled to be held in the Elks hall on the evening of November 9th. Goodwin's orchestra will be in attendance.

Proceeds from the affair will go towards some of the firemen's annual projects such as essay poster contests for school children and other community activities.

Fire Chief John Kinnear advised this week that he has received telephone information from the Department of Public Works that the income on which taxes are based, will not be forthcoming.

will be providing an auxiliary fire pump for fire fighting in the I.D. 10 area.

Mr. Kinnear stated that the pump valued at some \$1500 will handle six hoses, 200 gallons of water per minute and has 100 pounds of pressure. The pump is to be made available shortly.

Business uses advertising to maintain and increase its outlets for goods. Unless such outlets are maintained and increased, the income on which taxes are based, will not be forthcoming.

## Councillor Jenkins Feted for Long Service

Retiring town councillor George Jenkins was presented with an engraved gold Elgin wrist watch by retiring Mayor John Ramsay at a council meeting in Coleman on Thursday night, October 10th. The engraved wrist watch bore the lettering "George Jenkins, Coleman Council 1940 - 1963", signifying Mr. Jenkins' long service to the community and the gift was presented to him for the long service rendered to the town.

A brief biography of Mr. Jenkins' life indicates he was born in Scotland, and came to Canada as a baby and attended school in Coleman. He then went to work for the Coleman Collieries where he is a machine operator in the company's coal-cleaning plant.

A progressive community worker, Mr. Jenkins was instrumental in the town of Coleman taking over the ownership of the Coleman Light and Water Company, a town-owned utility, which has provided many benefits for Coleman ratepayers.

In more recent years Mr. Jenkins also played a leading role in the town forming its own gas company — providing this service for the ratepayers.

Mr. Jenkins has also been a strong supporter of sport in Coleman and was a member of the Coleman Canadians hockey team, later turning his talent to coaching minor hockey teams.

When the Coleman Community Sports Association was formed in the early 1940's he took an active part in the organization and was president of the Association for 11 years, relinquishing this service last year.

Mr. Jenkins also had much to do with putting artificial ice in the Coleman arena and many long hours of time guided the arena to function successfully.

Mr. Jenkins also took a great interest in all other sports, including curling and tennis.

He is the president of the Coleman Local No. 2633 of the United Mine Workers of America, and is also president of the active Coleman Lions Club. He is also a Past Master of the Coleman Masonic Lodge.

Mr. Jenkins is married and has one son George, in Calgary, and a daughter, Mrs. Toby (Dorren) Collings of Coleman.

Westworth and Dave Bouthillier. The new slate will be installed at the November meeting. Visiting the Coleman group were 25 members of the Pincher Creek Pensioners Association and 12 from the Hillcrest group.

During the evening entertainment was provided by vocalist Miss April Ingram and pianist Lorraine Petsuk.

## Armistice Services To Be Held

A meeting of members of the now inactive Imperial Legion was called this week to discuss plans for the forthcoming Armistice Day.

A disappointingly small group attended and they decided to carry on with plans for Poppy Day.

The group also agreed to complete and arrange for the usual Armistice Day ceremonies at the Cenotaph.

Newspapers are the only medium offering the magnetic appeal of classified ads.

## Assessors Meet In Blairmore

Assessors and other officials of the Provincial Assessment branch from Edmonton, met representatives of the towns of Coleman and Blairmore and the villages of Bellevue and Frank and ID 10 to inform them of changes made in the recently completed assessment in the Pass area.

Commissioner of Assessments, Mr. Laidlaw, advised that the assessment, was based on the 1959 assessment and would make the assessment in the Pass comparative to other towns in the province.

The assessors stated that with the new standards being used there will be only a slight difference in some of the individual assessments and the whole area will see only a very small increase.

The assessors also advised that they would be glad to visit the Pass after the assessments are put into effect to explain and answer questions anyone may wish to present.

The meeting was held in Blairmore council chambers on Thursday, October 10.

As host of CBC radio's new country and western music program, Country Holiday, Bill Bessey (under the station) introduces top recording stars from Nashville, Tennessee, as well as from across Canada. Here Bill meets two idols of bluegrass music, Lester Flatt and Earl Scruggs, who are famed for the theme they wrote for TV's Beverly Hillsbillies. Others who will appear on this hour-long summer series are Ernest Tubb, Lefty Frizzell, Mac Wiseman, Stonewall Jackson and Canada's Pat Harvey, Sandra Selsie, Tommy Hunter and Gordie Tapp.

In happy agreement over the content of their newly-styled radio program, Saturday Date, Jim Cherley and Dennis Sweeting await their cues to "go on air." Within the show's new four-hour format, they interview guests from all walks of life and introduce regular features on movie, book and music reviews. One of the main points of the new program is the coverage given to outside broadcasts and sports. Saturday Date is seen weekly on the CBC radio network.

**TELEVISION SLIPPING**

In my opinion, the television industry has been very short-sighted in letting itself fall into a summer holiday mood, the way radio once did.

This summer, television has been drab. — The big shows have been repeated — and nothing could be duller than the repetition of a suspense story, shallow when first seen, and almost repulsive when one already knows the disappointing climax.

It will be January before families get back into the habit of watching — especially if the same old fare is offered.

Industry in Canada suffers from our severe climate. They have been smart enough to succeed in spite of it, and when given half a chance they have managed to compete with industries in other countries where the climate makes stock-piling easier, and where there are other advantages.

Television people, then, should surely be able to provide us with something better than they have been doing.

If they are going to let our short but lovely summers defeat them, they deserve very little sympathy.

The private television broadcasters, of course, will bear the brunt of their own folly. The CBC's lack of initiative in summer will be charged up to us, the involuntary shareholders in its huge investment.

**Cancer Society  
Tops Objective  
In Alberta**

CALGARY, Alta.—The Canadian Cancer Society's \$400,000 objective was brought over the top to \$400,422.60 as final receipts were tabulated. This represents the highest total raised for cancer in Alberta. The largest donations came from the Government of Alberta — \$30,000, and the University of Alberta another \$30,000. Both grants were for research at the University of Alberta Cancer Research Unit—McEachern Laboratory — on the University of Alberta campus, Edmonton.

The official opening of the renovated McEachern Laboratory was last May 25. The Society spent in excess of \$300,000 last year on ex-

pense incurred toward setting up biochemical cancer research in this laboratory.

In the cancer campaign, Calgary and Edmonton exceeded their objectives in 1963. Some of the smaller branches were down, but most managed to maintain the standard of previous years.

Miss Claudia Tennant of Lethbridge, president of the Alberta Division of the Cancer Society, gave credit in a recent report "for the hard work that goes into the campaign by many volunteers."

Miss Tennant stated that the local and provincial campaigns are a part of an even bigger plan—a national plan to conquer cancer.

Stress was given to research when she added "we must continue to look upon research as our prime objective if we are to ultimately conquer cancer."

### Georgina Misura is Bride of Donald Wenger

Photo by Vera Desous, Blairmore

Baskets of white gladioli decorated the altar of the Holy Ghost Church in Coleman on August 31st which was the scene of a beautiful wedding. Double-ring vows were exchanged between Georgina Cecilia, eldest daughter of Mr. and Mrs. G. Misura, and Donald Paul, third eldest son of Mr. and Mrs. T. Wenger, of Bentley, Alberta.

Rev. Father Fleming performed the ceremony, and Rev. Father Henke said the mass. Given in marriage by her father, the bride looked charming in a white floor-length gown with attached train, trimmed with applied lace. She also wore a matching lace jacket. Her chapel veil of illusion net fell from a dainty crown of seed pearls and tiny white bow. Her only jewelry was her pearl earrings, a gift of the groom.

She carried a crescent-shaped bouquet of white roses with croton leaves.

Bridal attendants were Paulette Hyphen, cousin of the bride, and Jo Ann Misura, her sister. Both wore identical dresses of peau de soie in peacock blue with shoes to match.

Complementing their costumes were rosette hats of the same color. They carried baskets of white gladioli and gold mums.

Attending the groom were Bill Wise and George Thompson, both of Edmonton. Ushering the guests to pews marked with white ribbon and lily of the valley, were Cliff Wenger, brother of the groom, and Nick Misura, brother of the bride.

During the ceremony the bridesmaids knelt on white velvet cushions made by the bride.

For the occasion the bride's mother wore a two-piece yellow linen dress and jacket with white accessories and a white corsage.

The groom's mother wore a white linen suit, featuring pink and blue embroidery on the jacket and had pink accessories and a pink corsage.

The wedding music was played by Miss Ralphina DeLuca and Mrs. Wyatt sang "Ave Maria" and "On This Day, Oh Beautiful Mother". She also sang a duet "The Wedding Prayer", accompanied by her husband, Mr. E. Wyatt.

A reception was held in the Catholic hall. Attending the guest book was Miss Donna Rypien, a cousin of the bride.

The hall was decorated with streamers and bells. The table was centred with a three-tiered wedding cake featuring a Chi Rhos cross top emblematic of a Christian marriage.

White tapers and roses and other Autumn flowers completed the decorations. Bill Wise was master of ceremonies, then Rev. Father Fleming said grace.

William Truch proposed the toast to the bride with the groom responding.

The toast to the bridesmaids was made by George Thompson and the groom proposed the toast to the parents.

Telegrams were read from out-of-town points.

Mrs. Freda Taje catered to the banquet, after which a dance was held with Bill Goodwin's orchestra in attendance.

Guests from away were Mr. and Mrs. T. Wenger, and Mr. and Mrs. Cliff Wenger, Bentley, Alberta; Mr. and Mrs. E. Wyatt of Sherwood Park, Alberta; Mr. and Mrs. L. Wenger and family of Oids.

Guests from Edmonton were Mr.

and Mrs. Joe Misura, Mr. and Mrs. Bill Wise, George Thompson, Victor Lemche, Tom Meraw, Darlene Salant and Len Olson.

Calgary guests were Mr. and Mrs. J. Seaman and family, Mr. and Mrs. William Truch, Mr. and Mrs. John Carmelo, Rev. and Mrs. Bearisto, Mr. and Mrs. G. Beirback, Donna Gentle, Joyce Marshall and Lawrence Pye.

Others visitors from different points were Alan Gate of Creston, B. C.; Terry Mraz of Montreal, Quebec; Mr. and Mrs. Bud Fisher of Alderside; Sharon McDonald and David Patterson of Lethbridge; Mr. and Mrs. J. C. Clarke and Mr. and Mrs. M. Misura and family of Fernie, B. C.; Rommie Meronuk of Lethbridge, Mr. and Mrs. G. Mahieux and Bill Gilmore of Blairmore, Mr. and Mrs. N. Carmelo of Crows Nest, and Roy Silvers of Missoula, Mont.

For going-away the bride chose a navy blue knit suit and white accessories and wore a red rose corsage.

They left for Vancouver where the groom will attend UBC to study law and the bride will be employed as secretary at the university.

### Pass Couple Wed In Lethbridge

St. Basil's Church in Lethbridge was the scene of a pretty wedding recently when Deanna Marie, the eldest daughter of Mr. and Mrs. John George of Coleman, became the bride of Vernon George, youngest son of Mr. and Mrs. George Vane of Bellevue.

The ceremony was performed by Father Redmond.

The bride, given in marriage by her father, looked charming in a white semi-formal dress with short sleeves and embroidered bodice, and full skirt, featuring a scoop neckline. She wore a corsage of red roses and carried a white prayer book that her mother had carried at her wedding.

Her chapped veil was held in place with a lace effect crown, trimmed with sequins and pearls. Her only attendant was Lillian Babak of Coleman, who wore a blue rayon taffeta dress with a V-neckline, cummerbund waist and full skirt. Matching accessories and a corsage of white carnations completed her ensemble.

Best man was Frank Taborski of Bellevue.

The bride's mother wore a navy flowered taffeta dress with three-quarter sleeves, a full skirt and white accessories, while the mother of the groom chose a two-piece black and white suit with white accessories and a black and white necklace.

A reception was held at the home of the bride's parents, with immediate relatives present.

The bridal table was centred with a two-tiered wedding cake, decorated by Mrs. Betty Clitch of Hillcrest. Centring the cake was a decorated vase holding pink and white flowers.

Toast to the bride, proposed by Frank Taborski, was responded to by the groom.

For a honeymoon trip to Coeur d'Alene, Idaho, and Spokane, Wn., the bride wore a three-piece tan suit and corsage of red roses.

The couple have now taken up residence in Lethbridge where the groom is employed.

Attending the wedding were guests from all the Pass towns, Calgary, Lethbridge and Fernie, B. C.

### Mouth and Foot Paintings Successful In Canada

A year ago a project was launched for the first time in Canada—the sale of greeting cards reproduced from paintings by artists who, through sickness or accident, lost the use of their hands.

As in most other parts of the world, the project was a great success with Canadians from coast to coast. It has now been decided to offer a new selection, chosen from outstanding paintings by mouth and foot painting artists to the Canadian public.

The cards are again distributed by Rehabart Canada Limited of Toronto, subsidiary of the Association of Mouth and Foot Painting Artists with headquarters in the Principality of Lichenstein.

The pictures represent a small selection from hundreds of recent entries by the handicapped artists who own the Association. As a result of the sale of these reproductions, the artists, who represent some 15 different nationalities, including Canada, and who would otherwise be dependent on charity, can earn an adequate living in their chosen field, give inspiration and faith to those similarly afflicted and joy to all.

The enthusiastic acceptance of these reproductions by millions throughout the world has made it possible for the Association to accept eight more artists, as full members in the past year and to award scholarships to six additional handicapped men and women who may thus eventually be able to join the group as well.

Among the latter is Canada's Donna Graham, of Edmonton, a talented young painter who is almost totally paralyzed.

To avoid misunderstandings concerning the character of the Association, which operates entirely for benefit of its artist members, it has recently submitted an audited statement to all Better Business Bureaus in Canada, showing the distribution of receipts in the past year. This statement shows that the handicapped artists, who form the Association, received 76.3 per cent of the gross receipts, while 13.5 per cent went for exhibitions and publicity and 10.2 per cent for administrative expenses.

As in the past the reproductions are sold by direct mail. The reason for this method is that this is the only way in which their unique origin and qualities can be fully explained and recognized. It is also hoped that this will make it possible to find additional handicapped artists in Canada and elsewhere, whose work is of sufficiently high quality to make them acceptable as Association members.

For additional information, pictures and biographies call: Rehabart Canada Limited, Suite 507, 160 Bay St., Toronto 1, Ont.

### Tractors rate high in farm accidents

Tractors are involved in more farm accidents than other farm equipment, according to the National Safety League of Canada.

The League adds, however, this is because they get more use than other machines.

NSL supported the recent Farm Safety Week, which was observed in United States and Canada.

P. G. McLaren, the League's general manager, pointed out that a farmer is responsible for safety in his home as well as his industry. He may use as many as 35 different types of machinery

during the year. The variety and complexity of this machinery may make his work faster and easier but not necessarily safer.

Mechanical failures, NSL reports are rarely responsible for accidents involving modern farm machinery. "Nearly every such accident," Mr. McLaren said, "results from the operator's mistake." He cautioned that common sense, care and undivided attention must be exercised in the operation of mechanical equipment.

On the farm, falls are the predominant killer and produce more sustaining injuries than any other type of equipment.

A farm worker must repeatedly climb on and off his equipment. He works in all kinds of weather. Frozen or wet ground makes slipping easy. Oil or grease on a tractor step, loose straw in the loft, a loose or cracked rung on a ladder, can lead to painful and expensive accidents if unnoticed or ignored.

Nor is the farm home exempt. About two-thirds of the nation's fatal falls occur in the home and the farm home is no different in this concern than the town home.

Falls happen because of too much hurry, too little attention to surroundings, using equipment unsuited to the job, and putting off the removal of obvious hazards. Positive steps requiring only a moment, if taken immediately, will eliminate many causes of falls, said the League.

Keep stairs and passages clear of clothing, tools and toys. Protect outdoor steps and porches from weather damage and rotting.

Fasten rugs securely and avoid scatter rugs. Use ladders in good repair instead of makeshifts and see they are on firm footing and at a safe angle.

Move the ladder — don't reach. Wipe up spills at once.

Stairs should have hand-rails, and adequate lighting should be provided on stairs and in hallways. Keep a night light glowing in or near the bathroom. Install grab bars and use rubber mats in bathrooms.

"Safety," said Mr. McLaren, "never comes by itself. It must be provided, and this is the responsibility of the farmer."

# JUNIOR CITIZEN AWARD WINNER

**RONNIE LEIREN**

**BAWLIF, ALBERTA**

It was the Easter holidays, and Ronnie and his brother and sister were initiating their cousin from the city into the mysteries of farm life.

It was a week though, that turned out to be almost tragic!

The afternoon was lovely, just meant for exploring - and when they found some logs in the drainage ditch, the temptation to use them to cross proved too great.

Returning back across the drainage ditch three of the children crossed safely, but Ronnie's six year old sister slipped and fell into the water. Ronnie jumped

into the water and grabbed for the parka his sister was wearing. The parka had come off over her head and the girl was floating downstream. Ronnie swam after her and pulled her to safety. But for his quick action his sister

would have drowned.

Not only did he save her life, but also showed the presence of mind to remove her wet clothes and wrap his dry jacket around her before carrying her home.

The editors of Alberta's weekly newspapers join with us in congratulating Ronnie - a member of the Bawlif Scout Troop.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mr. and Mrs. James Thirsk of Kelsey, Alberta and to the Editor of the Camrose Canadian who nominated Ronnie for the award.

# Kids Are Smarter Than We Think

Six years ago when the traditional Halloween frolic witnessed to include UNICEF collections, some protests were voiced. "Don't rob the youngsters of Halloween fun. It's their night!"

Fun-loving youngsters were unmoved by this adult reaction. Halloween IS STILL THEIR NIGHT — but they have made it also a night for children around

the world. Over the years Canadian youngsters have learned and enjoyed the privilege of sharing with their friends. Through education in schools and libraries they know that their with UNICEF Halloween pennies is needed.

Hence their pride in collecting for UNICEF equals the joyous acceptance of jelly beans and candy kisses.

Last Halloween Canadian weather was as variable as today's political climate. Rain fell in the Atlantic provinces, in Quebec and British Columbia. It was a clear, lovely night on the Prairies and in Ontario.

Regardless of weather, approximately 400,000 fantastically costumed youngsters sallied forth with paper bags for treats and UNICEF collection boxes.

Neighbors were generous; in the bags youngsters brought home candy, cookies and apples. In the UNICEF collection boxes was almost \$400,000 in pennies, nickels and dimes — this for the world wide humanitarian work of the UNICEF.

UNICEF is a crusade by children for children. Let's not dampen the ardor of youthful unselfish giving. Today's world needs it.

# Baby Sitting Rules

Here for parents and baby-sitters are standard rules:

The sitter should have a sense of responsibility, should like children and preferably live in the neighborhood.

Instructions should be given in writing as well as orally — Where you are going and telephone number, or the name and number of someone to call in an emergency. Your telephone number and location of telephone.

Emergency telephone numbers for FIRE, POLICE, DOCTOR.

How to call the fire department. Location of exits.

How to control the furnace or stove.

Leave a flashlight in case of power failure.

In emergency . . . Get children out. Don't wait to dress them. Wrap them in a blanket.

Even the smell of smoke or gas is enough warning to summon help. Say exactly where you are. If you can, turn on the front lights, to attract attention.

DON'T RE-ENTER HOUSE.

# Card of Thanks

We wish to express our sincere thanks to all who were so kind and generous in remembering us on our Golden Wedding Anniversary. A special thank you to our family and to the ladies who helped at the Open House to make it such a memorable occasion. Mr. and Mrs. Wm. Routhead.

# Card of Thanks

I would like to sincerely thank Drs. Aiello and Martinez, Matron and the nursing staff of the Crows Nest Pass Hospital for their kindness and concern during my recent operation. Also thanks to Father Fleming and all my friends who visited me and sent cards.

Mrs. T. Kovach.
